## PREFACE

This tourism annual report provides the latest statistics on both visitors and non-visitors during 2017 and follows the 2016 report released in September 2018.

The information contained in this publication is compiled from completed immigration embarkation forms. International travelers entering and leaving the country are required to complete embarkation forms at all gazetted points of entry/departure. This covers all land borders as well as airports.

Users who require more information can contact the Directorate of Stakeholder Relations on 3671300. All Statistics Botswana outputs/publications are available on the website at [www.statsbots.org.bw](http://www.statsbots.org.bw) and at the Statistics Botswana Information Resource Centre (Head-Office, Gaborone).

I sincerely thank all stakeholders involved in the formulation of this report, particularly the Department of Immigration and Citizenship for the administrative data used to compile this Tourism Statistics Annual Report. I also thank all other stakeholders for their continued support as we strive to better serve users of our services.

## EXECUTIVE SUMMARY

Tourists refer to both same day visitors and overnight tourists. In 2017, the country received a total of 1, 774, 960 visitors, with 91.4 percent attributable to tourists (overnight visitors) while same day visitors accounted for 8.6 percent (152, 372). An increase of 3.7 percent was recorded for the numbers of visitors during 2017. Visitors from Zimbabwe account for 33.4 percent while those from South Africa represented 32.9 percent of total visitors during the year.

Tourists from the top ten overseas countries accounted for 11.4 percent of total tourists during the year. Tourists who came for "Holiday" accounted for 28.3 percent of total tourists during 2017, while those who came for "Business" and "Visiting Friends & Relatives" (**VFR**) represented 23.2 percent and 22.5 percent respectively. Tourists who entered the country by air represented 6.7 percent of total tourists during the year. Among the tourists who came by air, Sir Seretse Khama International Airport accounted for 54.4 percent while those who entered through Maun Airport represented 29.9 percent.

December was the most popular month of arrival for tourists during 2017, with 11.0 percent, followed by July and August at 9.8 percent and 9.5 percent respectively. Ages ranging from 25 to 44 years combined, accounted for 53.1 percent of total tourists during the year.

A figure of 2, 305,205 was recorded for all arrivals while 2, 308,137 was recorded for all departures during 2017. Travellers in transit accounted for 26.2 percent of all arrivals, followed by those that came in for Holiday at 21.8 percent. Zimbabwe nationals accounted for 35.0 percent of arrivals and 35.9 percent of departures during the year under review. Arrivals of South African nationality accounted for 30.6 percent while departures represented 30.3 percent of all departures during 2017.

Ramokgwebana Border Post was the busiest during 2017, having received 21.9 percent of all arrivals while 19.9 percent of all departures went out through the same border post.

## CHAPTER 1: INTRODUCTION AND BACKGROUND

### 1.1 Introduction

This report presents the most recent statistics on arrivals and departures during 2017. The report is categorised into two parts, the first part giving information on tourists only while the second part presents information on all arrivals and departures during the year under review.

#### 1.1.1 Arrangement of the Report

This report categorises the travellers into two parts. The first part presents characteristics of visitors in **Chapter 2**. The second part, presented in **Chapter 3** focuses on all travellers entering and departing the country. **Chapter 4** gives Sources and Methods and definitions of terms used in the report, while **Chapter 5** contains appendices, consisting of main tables on which smaller tables and graphs, included in the body of the report are based.

#### 1.1.2 Limitations of the Report

The focus of data collected is currently on non-citizens (temporary residents and foreign nationals) only. This report does not provide inbound and outbound data on citizens. As a consequence of having both automated and non-automated border posts in operation, it is not possible to calculate the actual length of stay of visitors even though data on the amount of time (days) granted is captured in the Immigration Entry/Departure forms. As people can enter the country through an automated border post but depart through a non-automated border post, this makes it difficult to calculate the actual length of stay in the country as data from automated and non-automated borders cannot be reconciled.

### 1.2 Background

The Tourism statistics report is an annual publication that depicts the statistics of non-citizens including temporary residents entering and leaving the country. The common terms used for these are Arrivals and Departures.

The statistics carried in this report include Arrivals and Departures of visitors and non-visitors by country and region of nationality, residence, purpose of entry, mode of travel used, point of entry and exit as well as gender and age distribution. The information contained in this report is derived from the Department of Immigration and Citizenship Arrival/Departure forms, which are completed by non-citizens at points of entry and exit.

The Department of Immigration and Citizenship has automated the busiest border posts and is therefore able to provide Statistics Botswana with data electronically. These borders account for over 90 percent of all inbound and outbound travellers.

Forms from the non-automated borders are captured by Statistics Botswana and the information is then merged with that from the automated borders before analysis. Botswana citizens are exempted from completing the immigration Entry/Departure forms. The figures on Arrivals and Departures contained in this publication therefore only cover non-citizens, both visitors and temporary residents of Botswana. However, with the increasing demand for statistics on outbound travellers, including information on citizens, it will be necessary to collect and compile data on citizens in future.

## CHAPTER 2: TOURISTS

This chapter gives information on inbound visitors who came into the country in 2017. These visitors are classified into same-day visitors and tourists. Same-day visitors are mostly excursionists who take a trip that does not include an overnight stay at their destination, while tourists (overnight) represents visitors who spend at least a night at the country being visited. The chapter details statistics compiled according to country and region of residence, purpose of visit, mode of travel, month of visit, point of entry as well as the demographic characteristics of the visitor.

In compilation of this report, half of transit travellers are regarded as visitors. This is taking into consideration the fact that some of these transit travellers end up having expenditure in the country as they are transiting. This expenditure may be incurred through having to spend a night in the country and/or any other expenditure. As a result, tourist statistics discussed here includes half of transit travellers. The country of residence as opposed to nationality, is used as reference when compiling tourist statistics.

### 2.1 Tourists by Country and Region of Residence

**Appendices 1 and 2** are dedicated to tourists only. **Appendix 1** gives both overnight tourists and same day tourists by country of residence as well as percentage distributions of total tourists at country level. **Appendix 2** presents tourists by Country of Residence as well as Purpose of Visit.

During 2017, Botswana received a total of 1,774,960 visitors, with 91.4 percent (1,622,588) accounted for by tourists (overnight visitors) while 8.6 percent (152,372) was attributed to same-day visitors. The total number of tourists shows a 3.7 percent (62,726) increase compared to 1,712,234 during the previous year. As can be seen from **Appendices 1 and 2**, most visitors came from Zimbabwe and South Africa, with the two countries contributing 33.4 percent (592,226) and 32.9 percent (583,930) respectively, of the total visitors during the year. The majority of tourists, 84.5 percent (1,499,043), reside in the SADC Region.

### 2.2 Top Ten Leading Overseas Countries

**Table 1** which is based on **Appendix 1**, shows that the top ten overseas countries recorded 202,884 tourists, accounting for 11.4 percent of total tourists (1,774,960) during 2017.

Of the 202,884 tourists that came from the top ten overseas countries, more than a quarter, 26.0 percent (52,733) were from the United States of America followed by those from Germany and the United Kingdom at 21.7 percent (44,059) and 14.1 percent (28,600) respectively.

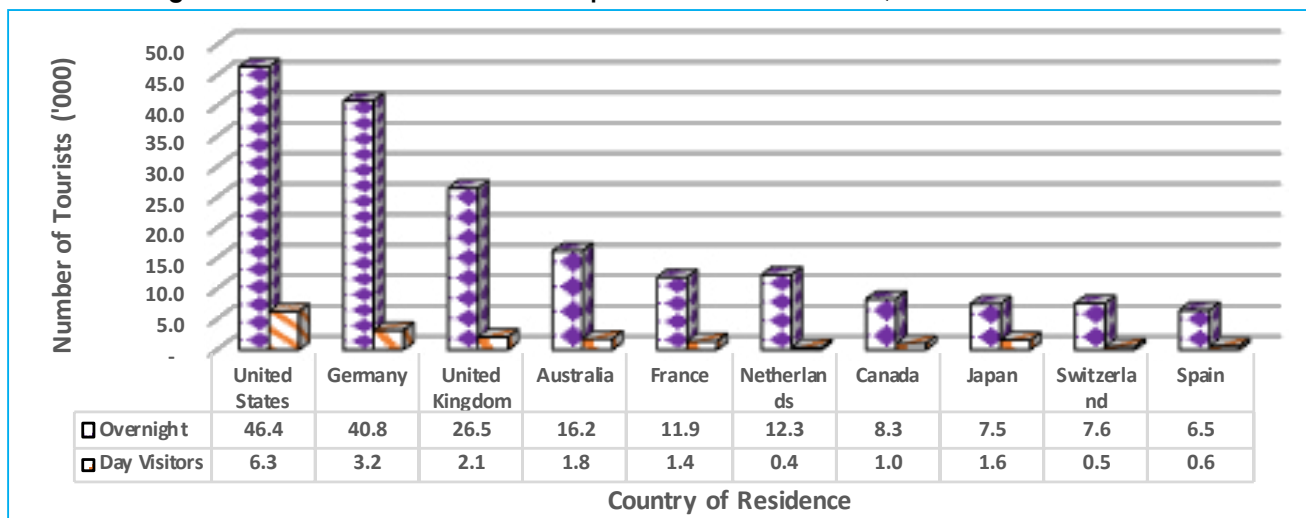

Overnight Tourists from the Top Ten Overseas Countries make more than 90 percent of the total tourists from each of those countries. With respect to United States of America, France, Canada and Japan, overnight tourists' percentage contribution to total tourists were 88.0 percent, 89.4 percent, 89.6 percent and 82.8 percent in that order.

**Table 1: Top Ten Overseas Countries by Type and Country of Residence, 2017**

Country of Residence	Tourists (Overnight)		Total	
	Overnight	Day Visitors	Total	Percentage
United States	46 407	6 326	52 733	26.0

<b>Grand Total</b>	<b>1 598 260</b>	<b>149 117</b>	<b>1 774 960</b>	

Figure 1, which is based on Table 1 and Appendix 1, show that most overnight tourists from the top ten overseas countries came from the United States of America followed by Germany and the United Kingdom.

**Figure 1: Distribution of Tourists from Top Ten Overseas Countries, 2017 in Thousands**

### 2.3 Top Ten Leading SADC Countries

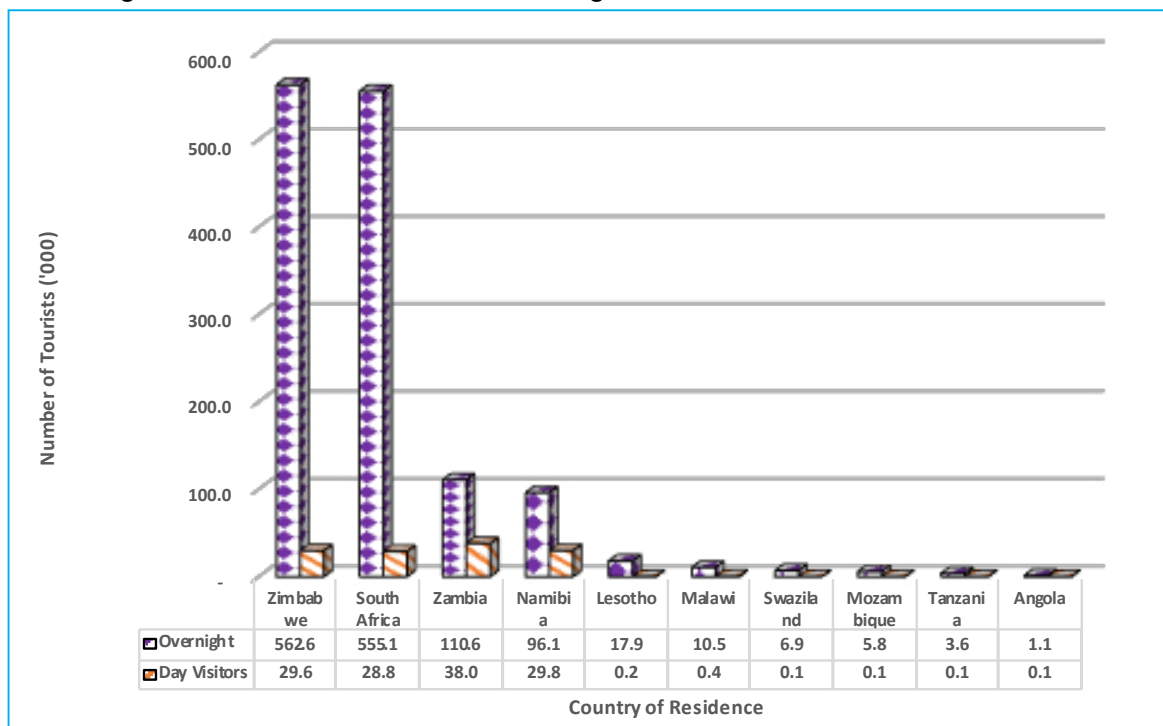

**Figure 2** and **Table 2** show the top ten SADC countries that provided Botswana with tourists during 2017. Tourists residing in the top ten countries of the SADC region make up 84.4 percent (1,497,413) of the total tourists during the year under review. This shows a decrease of 2.9 percentage points as compared to the region's contribution of 87.3 percent during the previous year. Zimbabwe and South Africa were the major contributors at 39.6 percent (592,266) and 39.0 percent (583,930) respectively. Other countries can be observed on **Table 2** and **Figure 2**.

Overnight Tourists constituted at least 90 percent of total tourists at country level for the top ten SADC countries, with the exception of Zambia and Namibia. Day trippers from Zambia and Namibia respectively accounted for 29.9 percent (38,038) and 23.4 percent (29,769) of all day trippers from the ten leading SADC countries.

**Table 2: Top Ten Leading SADC Countries by Type of Tourist and Country of Residence, 2017.**

Country of Residence	Type of Tourist		Total	
	Overnight Tourists	Same Day	Number	Percentage
Zimbabwe	562 649	29 617	592 266	39.6
South Africa	555 093	28 837	583 930	39.0
Zambia	110 579	38 038	148 617	9.9
Namibia	96 116	29 769	125 885	8.4

**Figure 2: Distribution of Tourists from leading SADC Countries, 2017 in Thousands**

## 2.4 Tourists by Purpose of Entry

**Table 3** presents the number of tourists by purpose of entry as well as associated percentage distributions. Compared to the previous year, 2017 recorded an increase of 3.7 percent (62, 726) in the total number of tourists, from 1,712,234 during 2016 to 1,774,960 currently. A significant increase in purpose of entry was observed for those on 'Holiday', at 81.8 percent (225, 992) from 276, 317 in 2016 to 502,309 currently. Decreases were recorded for 'Visiting Friends & Relatives' and Business at 23.5 percent (93, 709) from 492, 377 to 398, 668 and 21.4 percent (112, 117) from 524, 097 to 411, 980 respectively, when comparing situations in 2016 and 2017.

There has been an increase in the number of tourists who came for purposes of "Religious, Conferencing, Sports, Medical & Shopping activities" which are grouped together under one category called 'Other' Purposes. The number of tourists has increased two fold from 63, 007 in 2016 to 156, 756 in 2017. These tourists represented 8.8 percent of all tourists who came to Botswana during the year under review.

In 2017 most of the Tourists came for Holiday at 28.3 percent (502, 309) followed by those who were on Business at 23.2 percent (411, 980).

**Table 3: Distribution of Tourists by Type and Purpose of Entry, 2017**

Type of Visitor by Purpose of Visit	Tourist (Overnight)		Day Visitor		Total	
	Number	Percentage	Number	Percentage	Number	Percentage
VFR	372 425	23.0	26 243	17.2	398 668	22.5
Holiday/Tourist	456 589	28.1	45 720	30.0	502 309	28.3
Business	381 382	23.5	30 598	20.1	411 980	23.2
In Transit	269 998	16.6	35 249	23.1	305 247	17.2
Other	142 194	8.8	14 562	9.6	156 756	8.8
<b>Total</b>	<b>1 622 588</b>	<b>100</b>	<b>152 372</b>	<b>100</b>	<b>1 774 960</b>	<b>100</b>

## 2.5 Tourists by Mode of Arrival

**Table 4** presents tourists by mode of travel. There are mainly three modes of travel used in Botswana; these being Road, Rail and Air. Air Travel is presented by major Airports, with Airstrips grouped together under one category called 'Other'. Percentages distributions for type of tourist by airport are calculated as a percentage of the total for individual type of tourist by air, while percentages for type of tourist by Air and Road are calculated as a percentage of the overall total of tourists.

Road accounted for the highest percentage of tourist who came into the country at 93.3 percent (1,655,489), followed by those who flew-in at 6.7 percent (119,409). Air travel showed a slight decline of 0.1 percent (137) from 119, 546 in 2016 to 119,409 currently. Rail Travel recorded 62 tourist arrivals compared to 52 arrivals in 2016. A total of 119, 409 tourists came by air transport representing 6.7 percent of all tourists. Majority of tourists travelling by air, 54.4 percent (64,933) entered the country through Sir Seretse Khama International Airport. These were followed by those who landed in Maun Airport at 29.9 percent (35,650). Tourist arrivals through Kasane airport accounted for 12.3 percent (14,664) of total Air arrivals.

A further analysis of Air travellers by purpose of entry shows that most of the tourists who were Visiting Friends and Relatives (**VFR**) came through SSK Airport, at 85.0 percent of visitors who came for that purpose by air. Those who came for Business through SSK Airport accounted for 92.1 percent of all tourists arriving for that purpose by air (**Table 4**). The tourists who came for Holiday purpose entered the country through Maun and Kasane airports mainly, with Maun accounting for 57.5 percent while Kasane received 20.0 percent of tourist arrivals who came for Holiday by air. This scenario owes to the proximity of these two airports to the major tourist attractions of Moremi Game Reserve, the Okavango Delta and Chobe National Park.

The In-transit arrivals came in mostly through Kasane Airport, with this airport constituting 86.3 percent of all Air Tourists who were In-Transit. Sir Seretse Khama International Airport accounted for the bulk of 'Other' visitors at 82.1 percent. This is due to Gaborone as the main entry point for Meetings, Incentives, Conferences, and Meetings (MICE) from both regional and international visitors.

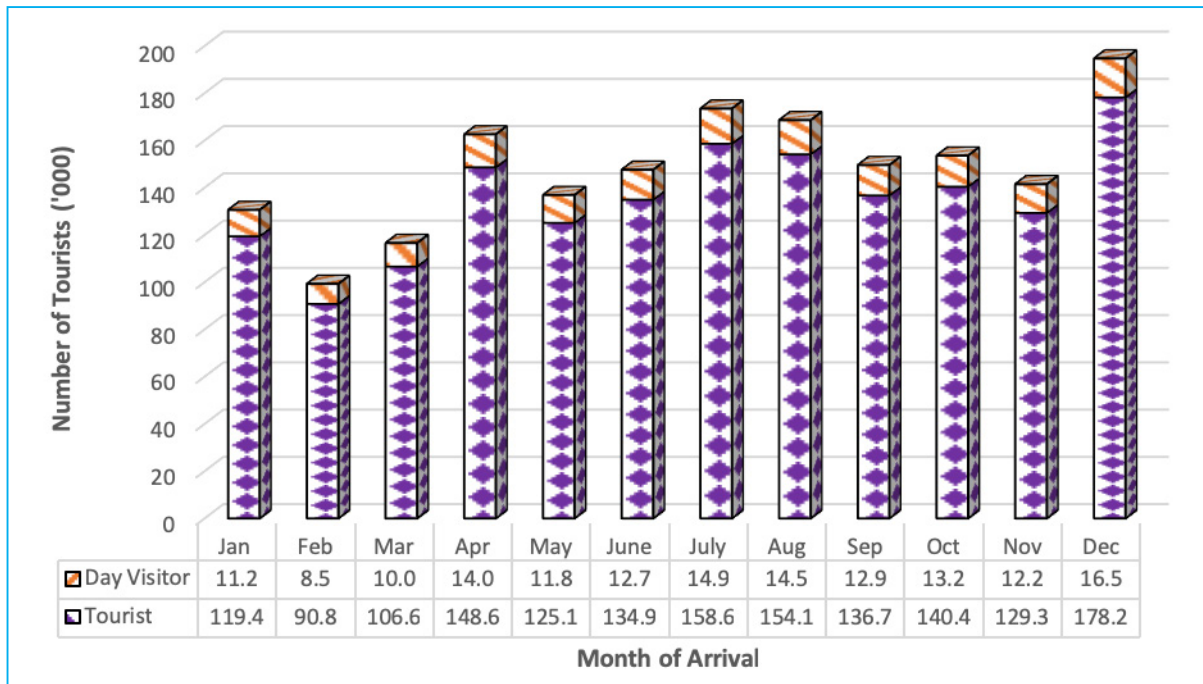

**Table 4: Distribution of Tourists by Mode of Travel, Point of Entry and Purpose of Entry - 2017**

### 2.6 Tourists by Month of Arrival

**Figure 3** displays tourist arrivals by Month of Arrival. This figure presents stacked bar chart showing both day trippers and overnight tourists, but discussions are based on total monthly tourist arrivals. December recorded the highest number of tourists at 194, 649 (11.0 percent), followed July and August with 173,498 (9.8 percent) and 168,622 (9.5 percent) respectively. The monthly least number of tourists was 99,291 recorded in February, representing 5.6 percent of the total for both day visitors and over-night tourists.

**Figure 3: Number of tourists by Month of Arrival, 2017 in Thousands**

## 2.7 Tourists by Age Distribution

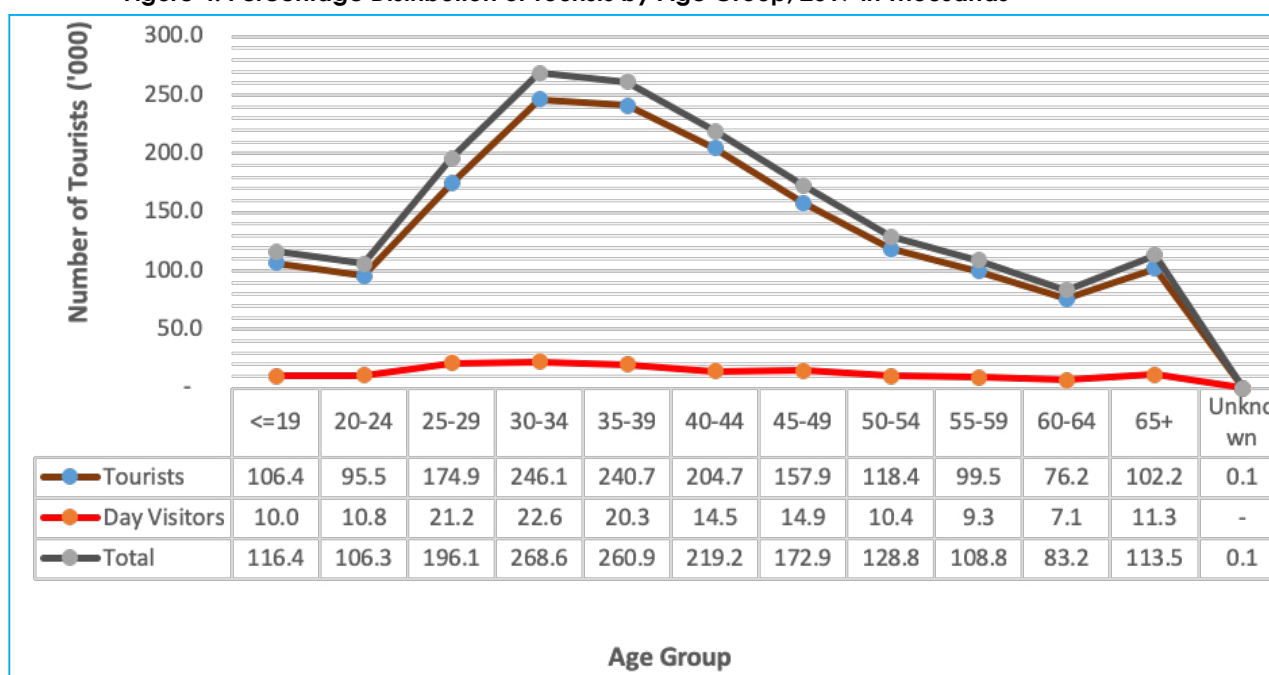

**Table 5** gives the distribution of tourist arrivals by age-group, for Overnight Tourists, Day Visitors and total tourists during 2017. The graphical presentation of the same information is displayed in **Figure 4**.

During 2017, tourists aged 30-34 accounted for 15.1 percent (268, 641) of all tourist arrivals. Tourists aged 19 years and below make up 6.6 percent (116,433) and are mainly children accompanying their parents or the principal visitor/traveller. Those aged 65 years and above make 6.4 percent (113,517) and their main purpose of visit was for Holiday. There is a small number of tourists with unknown age, accounting for less than 0.1 percent (127) of total tourist arrivals.

**Table 5: Number of Tourists by Age Group, 2017**

Age Group	Overnight		Day Visitor		Total	
	Number	Percent	Number	Percent	Number	Percent
<=19	106 388	6.6	10 045	6.6	116 433	6.6

<b>TOTAL</b>	<b>1 622 588</b>	<b>100</b>	<b>152 372</b>	<b>100</b>	<b>1 774 960</b>	<b>100</b>

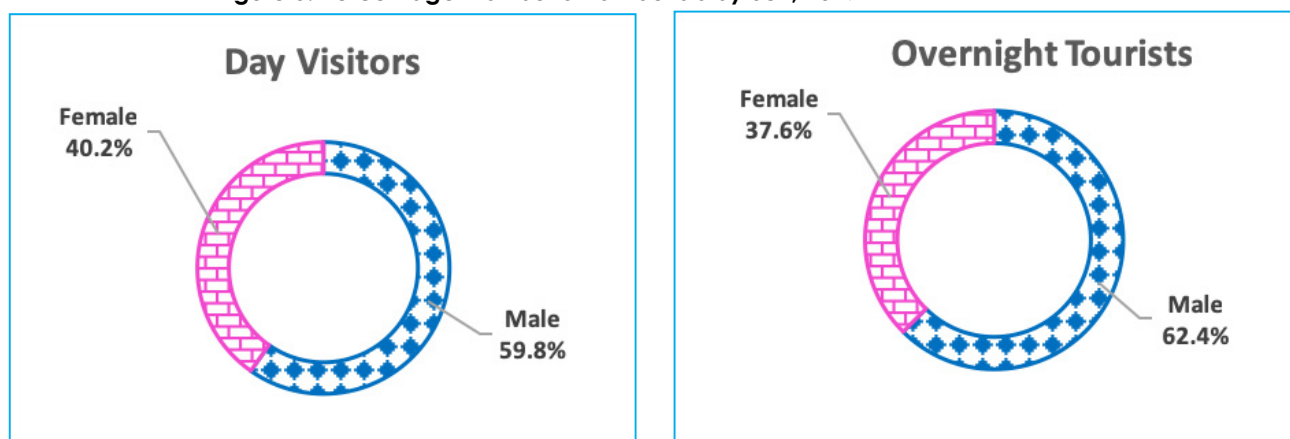

**Figure 4: Percentage Distribution of Tourists by Age Group, 2017 in Thousands**

## 2.8 Tourists by Sex Distribution

Gender distribution for 2017 follow the same pattern as that for 2016, with males dominating for both categories of tourists (Overnight and Day Visitors). For Tourists (Overnight), males represent 62.4 percent (1,012, 495) while with regard to Day Visitors, males accounted for 59.8 percent (91,118) of the total as displayed in **Figure 5**.

**Figure 5: Percentage Distribution of Tourists by Sex, 2017**

## 2.9 Tourists by Sex and Purpose of Entry

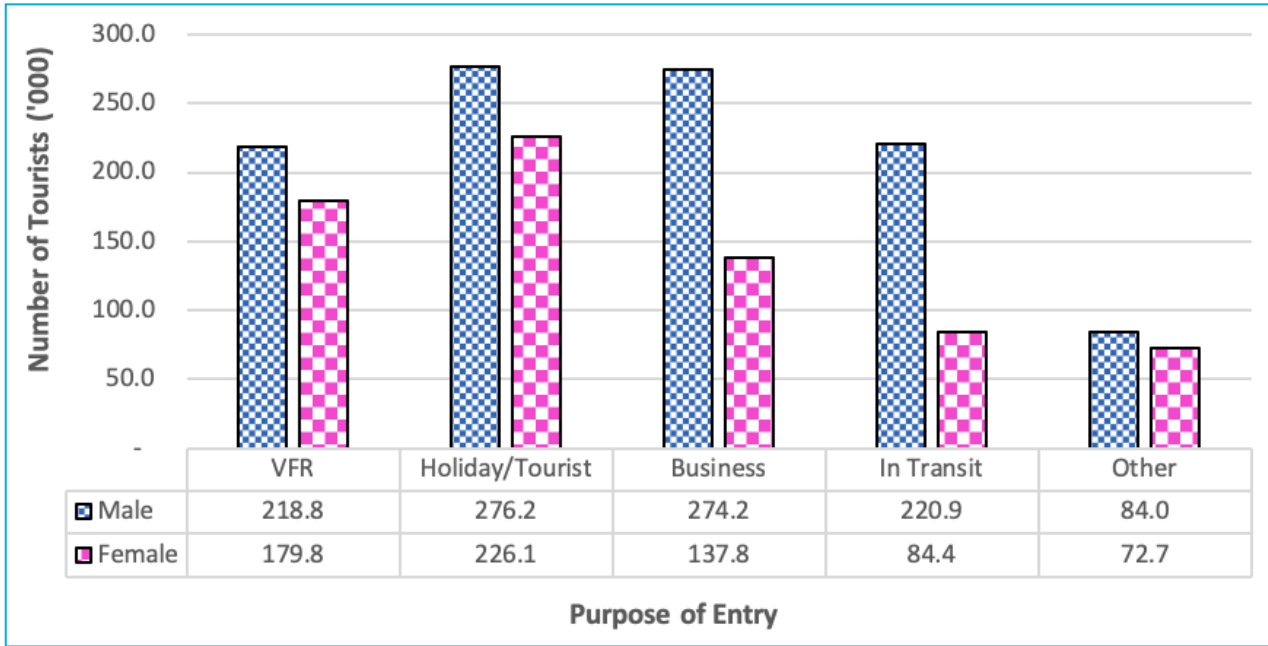

**Table 6** profiles tourists by gender and purpose of entry into the country. This table shows that in total, 39.5 percent (700,785) of tourists were female in 2017.

Most of the males, 25.7 percent (276,221) came for Holiday followed by those who were on Business related activities and those who were In-Transit at 25.5 percent (274,221) and 20.6 percent (220,875) respectively. Most females came for Holiday, 32.3 percent (226, 088) followed by those Visiting Friends and Relatives at 25.7 percent (179, 828).

**Table 6: Number of Tourists by Sex and Purpose of Entry, 2017**

Figure 6: Distribution of Tourists by Sex and Purpose of Entry – 2017 in Thousands

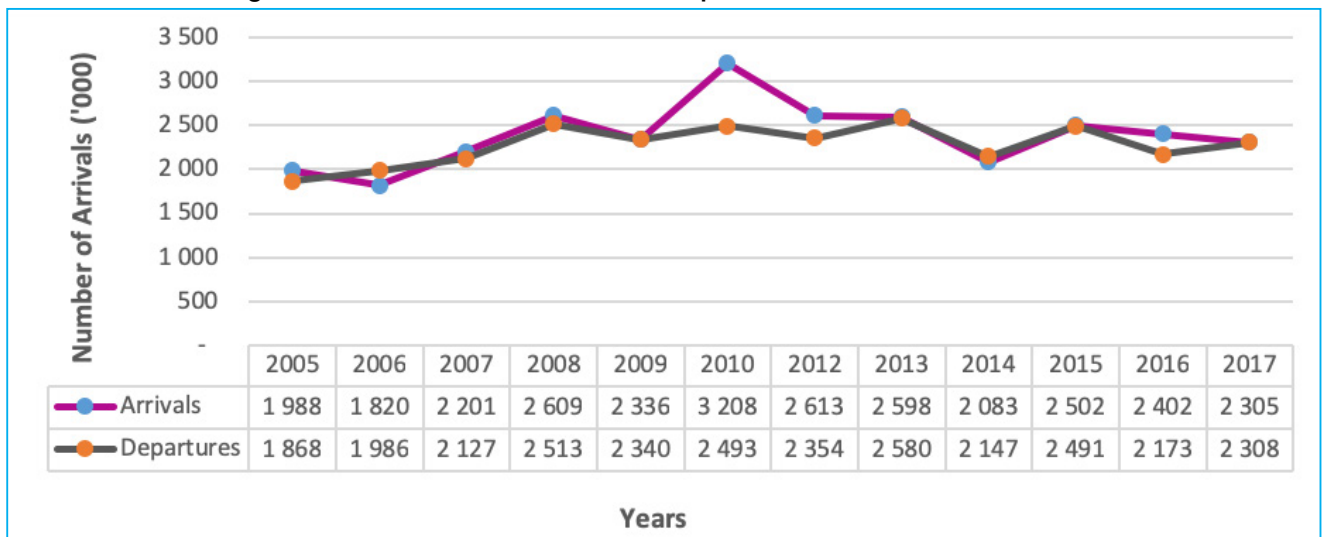

## CHAPTER 3: ALL TRAVELERS

This Section looks at total arrivals and departures during the year under review. **Appendix 3** and **Appendix 16** show that a total of 2,305,205 Arrivals and a total of 2,308,137 Departures were recorded in and out of Botswana, respectively during 2017. The overall number of arrivals decreased by 4.1 percent (96, 581) from 2,401, 786 recorded in 2016. On the other hand departures recorded an increase of 6.2 percent (135, 216) from a total of 2,172, 921 departures observed the previous year.

**Figure 7** shows the trend of arrivals and departures from 2005 to 2017. The year 2010 shows the highest peak at around 3.2 million with respect to arrivals. The lowest record of arrivals can be observed for 2006 at around with 1.8 million. With regard to departures, the highest peak can be observed for 2013 at slightly above 2.5 million while the lowest peak is observable for 2005 at around 1.8 million.

**Figure 7: Total Number of Arrivals and Departures from 2005 to 2017 in Thousands**

<sup>1</sup> The 2011 figures are not available

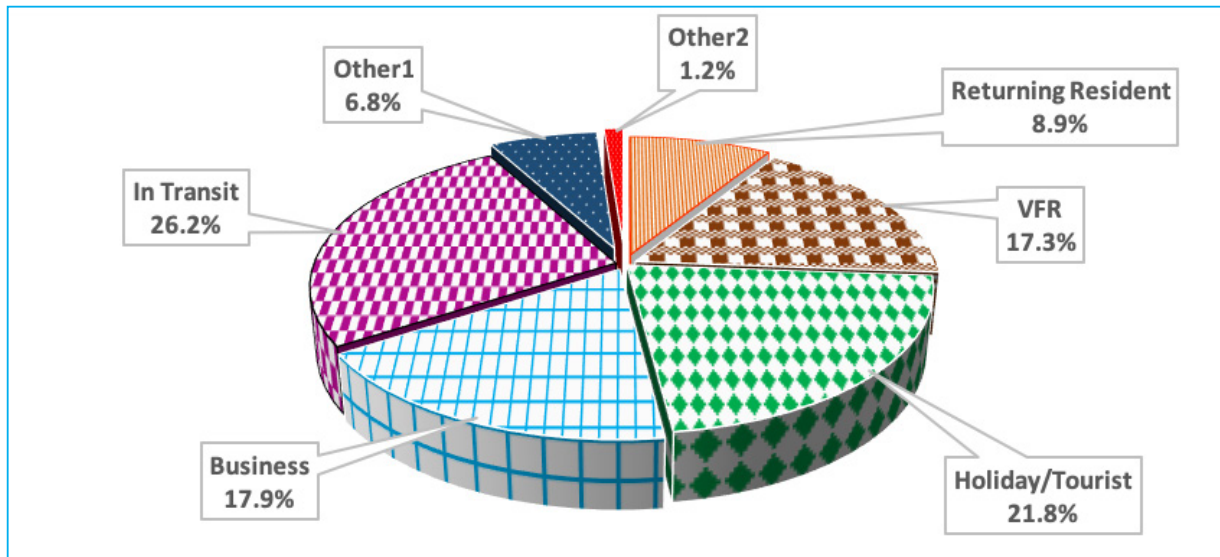

### 3.1 Purpose of Entry

**Appendix 6** shows the number of Arrivals by Country of Residence and Purpose of Entry. **Figure 8** gives the graphical presentation of percentage distributions of arrivals by purpose of entry. Most of the Arrivals were those In-Transit. They make up 26.2 percent (603, 206) of total Arrivals. These are followed by those who came for Holiday and Business at 21.8 percent (502, 309) and 17.9 percent (411, 980) respectively.

A few arrivals did not state their reason of visit, and these represented 0.1 percent (1,821) of total arrivals (2,305,205). This shows some improvement in the completeness of the data as compared to 2016 where 0.5 percent (11,562) of Arrivals (2,401,786) did not state the purpose for their visit.

In **Figure 8**, "Other<sup>1</sup>", mainly consists of Arrivals for purposes of shopping, religious activities, conferencing, sports and medical reasons, which are not specifically labelled in the form but are understood to fall under category "Other - specify". "Other<sup>2</sup>" comprises those arriving for all other purposes not specified as in **Appendices 5** and **6**.

Figure 8: Percentage Distribution of Arrivals by Purpose of Entry - 2017

Note:

Other<sup>1</sup> = Arrivals for Shopping, Religious activities, Conferencing, Sports & Medical reasons.

Other<sup>2</sup> = Arrivals for all other purposes not specified as in Appendix 5 and 6 and those whose purpose of arrival was 'Not Stated'.

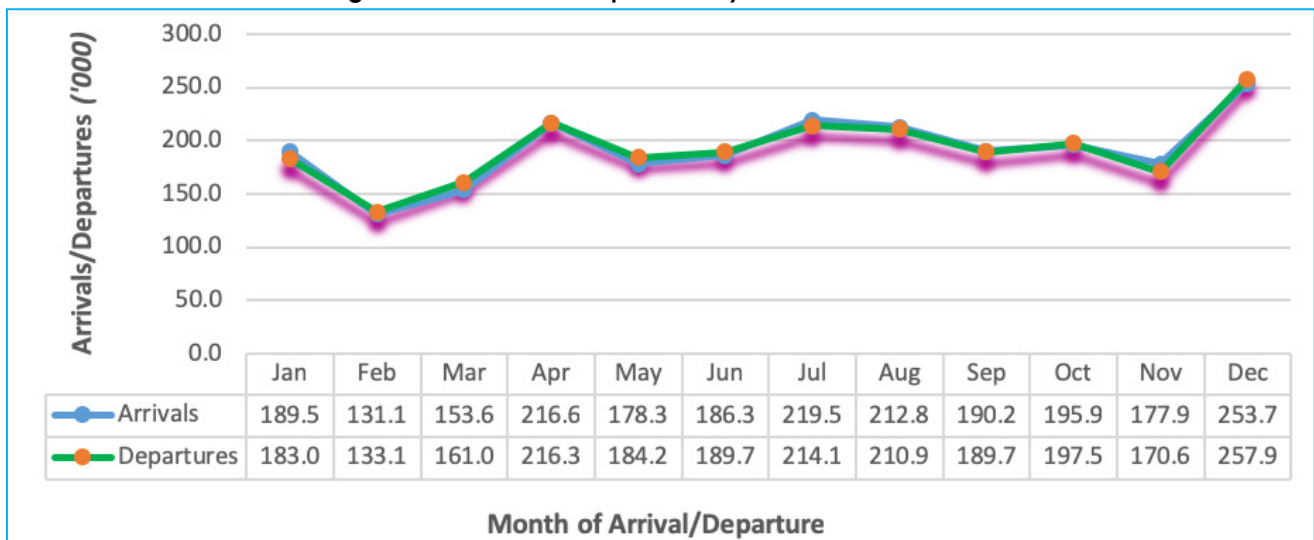

### 3.2 Month of Arrival and Departure

Appendix 13 shows the number of arrivals while the number of departures by month are presented in Appendix 20.

Arrivals and departures follow a similar pattern in that the highest records were in December and the lowest in February. The highest number of Arrivals was recorded in December at 253, 743, representing 11.0 percent of total arrivals. This was followed by July and April with 219, 495 and 216, 550 respectively, representing 9.5 percent and 9.4 percent of total arrivals in that order. The month that recorded the least number of Arrivals is February at 131,057, accounting for 5.7 percent of total arrivals.

The highest number of Departures was recorded in December at 257,948, accounting for 11.2 percent of total departures during the year. February registered the least number of departures at 133,057, representing 5.8 percent.

Figure 9: Arrivals and Departures by Month 2017

### 3.3 Mode of Travel

**Table 7** shows Arrivals and Departures by Mode of Transport to the entry or exit point.

Road travel accounted for 93.2 percent (2,147,378) of all arrivals and 92.9 percent (2,143,906) of all departures. Ramokgwebana is the busiest border post used by road travellers with 23.5 percent (505,680) of arrivals and 21.5 percent (460,015) of departures by road. This is followed by Tlokweneng at 12.8 percent (275,586) for arrivals and 13.3 percent (284,643) for departures.

Air Travel made 6.8 percent (157,734) of all arrivals and 7.1 percent (164,141) of total departures. Sir Seretse Khama Airport was the busiest airport, accounting for 61.0 percent (96,143) of arrivals and 60.1 percent (98,625) of departures by air. Maun Airport followed with 24.2 percent (38,211) of arrivals and 24.1 percent (39,513) of departures. Airstrips recorded 1.2 percent (1,882) of arrivals and 1.0 percent (1,646) of departures. Airstrips include Limpopo Valley, Sowa Pan, and Orapa. Airstrips account for a small percentage of air travellers as these are mostly charter flights that service the mining and tourism industries as and when required.

Ramokgwebana Rail recorded 93 arrivals and 90 departures during 2017.

**Table 7: Distribution of Arrivals and Departures by Mode of Travel - 2017**

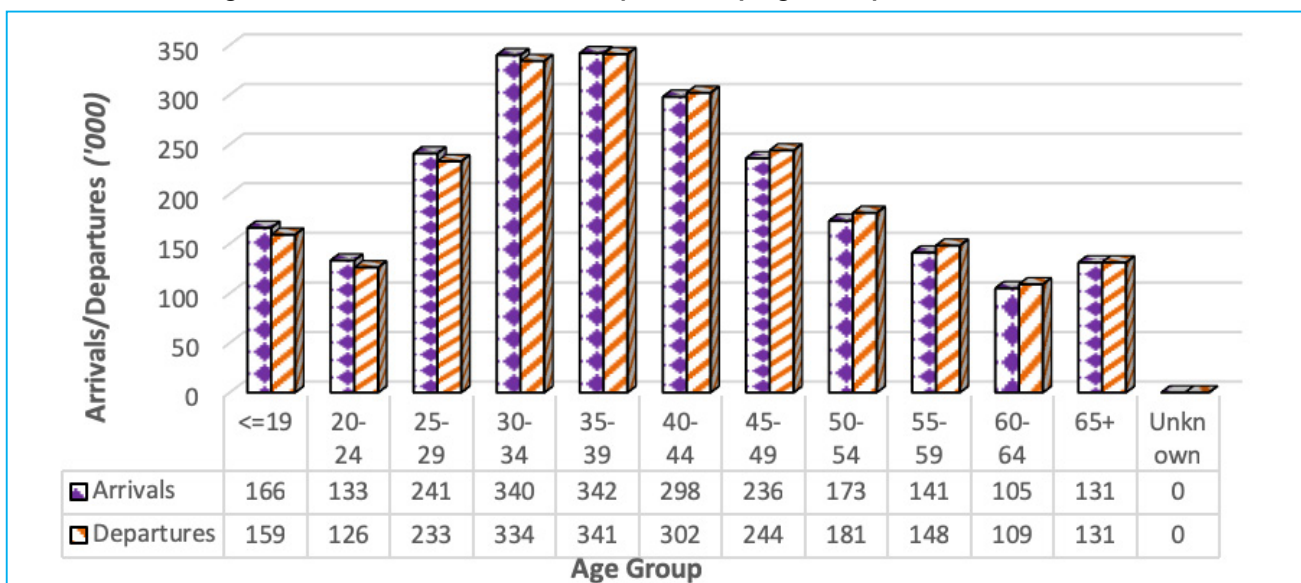

Mode of Transport	Arrivals		Departures	
	Number	Percent	Number	Percent
<b>Air</b>	<b>157 734</b>	<b>6.8</b>	<b>164 141</b>	<b>7.1</b>

<b>Total</b>	<b>2 305 205</b>	<b>100</b>	<b>2 308 137</b>	<b>100</b>

### 3.4 Age Group

**Figure 10** is based on **Appendix 8** and **Appendix 19**. This figure shows that the age group that accounted for the highest number of arrivals was 35-39 years having recorded 341, 883 followed by age group 30-34 with 340, 195, accounting for 14.8 percent of all arrivals each.

The age-group 35-39 accounted for the highest number of departures at 341, 301 followed by those aged 30-34 at 334,032; representing 14.8 percent and 14.5 percent respectively.

**Figure 10: Distribution of Arrivals/ Departures by Age Group – 2017 in Thousands**

### 3.5 Nationality

**Appendix 3** and **Appendix 16** show that most of the arrivals and departures are nationals of the SADC Region, making 85.0 percent (1,959,598) of all arrivals and 85.5 percent (1,974,555) of all departures. The appendices show that Zimbabweans accounted for most of the movements with 35.0 percent (807, 332) of all arrivals and 35.9 percent (828, 966) of all departures.

South African nationals follow at 30.6 percent (705,994) of all arrivals and 30.3 percent (698, 336) of all departures, showing a decrease in arrivals of 7.1 percent (53, 570) compared to 759, 564 the previous year. South African nationals recorded an increase of 3.6 percent (24, 215) on departures compared to 674,121 observed in 2016.

With regard to nationalities from overseas, the United States of America accounted for 2.6 percent (59, 152) of all arrivals while nationals of Germany and United Kingdom represented 2.2 percent (50, 444) and 1.7 percent (40, 058) respectively.

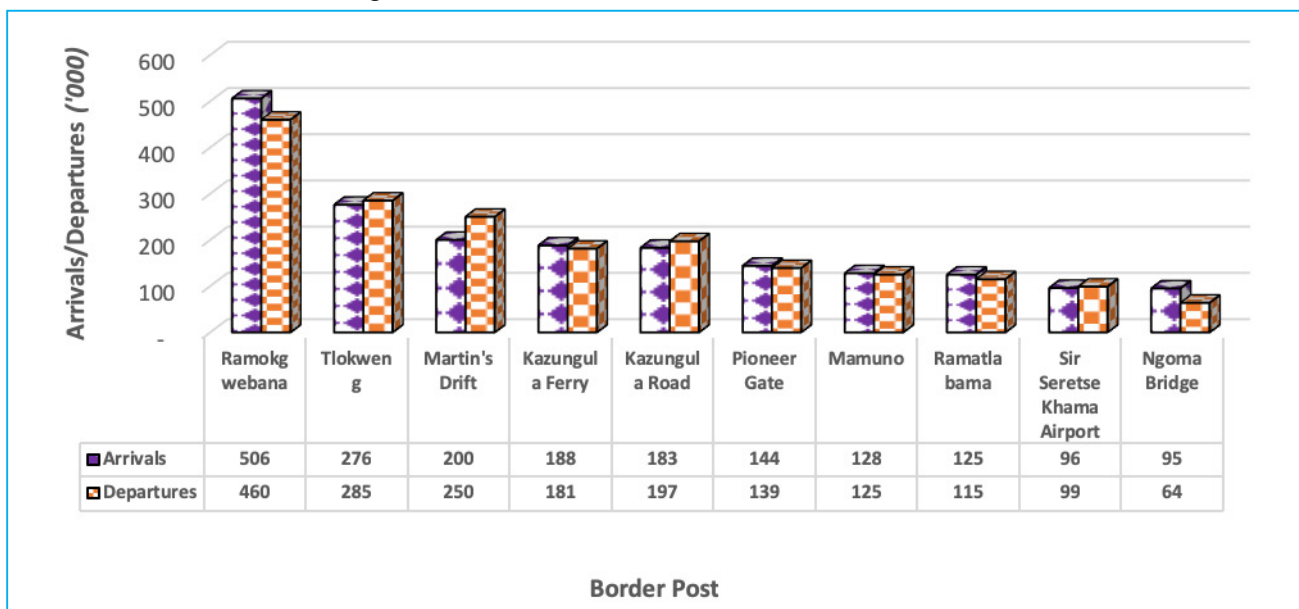

### 3.6 Border Posts

Discussion on Border Posts is based on Appendices 13 and 20.

Ramokgwebana Border Post was the busiest border having received 21.9 percent (505, 680) of all arrivals and 19.9 percent (460,015) of all departures. This is expected as most of the travellers recorded came into the country from Zimbabwe, see **Appendix 4**. Tlokwen g Border Post, which is used mainly, by those who reside in South Africa, follows with 12.0 percent (275, 586) of Arrivals and 12.3 percent (284,643) departures. The third busiest border post for Arrivals is Martin's Drift with 8.7 percent (199, 533). The border post is mainly used by travellers to Limpopo province in South Africa. The latter has dislodged Kazungula Ferry from the previous year, which is now in fourth place with 8.2 percent (187, 918) for arrivals and at fifth spot for departures with 7.8 percent (180, 916).

**Figure 11** shows the top ten busiest Border Posts and is based on **Appendices 13** and **20**.

**Figure 11: Ten Busiest Border Posts – 2017 in Thousands**

## CHAPTER 4: TECHNICAL NOTES

This chapter presents data sources, methodology and definitions of terms used in production of tourism statistics. This is meant to enable the users to interpret the statistics carried in the report with understanding of how the raw data is sourced, how processing and compilation of the report is done and what the various terms used in the report mean.

### 4.1 Data Source and Methodology

The data used in the production of this report is sourced from administrative records of the Department of Immigration and Citizenship. Over 90 percent of the data is electronically captured and provided by this department to Statistics Botswana. The busiest points of entry/exit, which handle high volumes of travellers, have been automated. The data is captured into the Passport and Border Control System (**PBCS**). The remaining percentage of the data comes from the non-automated borders and is manually captured by Data Processing staff at Statistics Botswana. These two datasets are then merged for processing.

International Tourist data is collected using Arrival and Departure forms that are filled in by non-citizens at all gazetted points of entry and exit (Land Borders and Airports). Each form asks questions on personal characteristics of the traveller which include among others, sex, age, country of nationality, country of residence and purpose of entry. By default data is also collected on month of travel, mode of transport and point of entry.

Percentages are independently rounded, therefore in some cases they may not add to the total. The results and analysis presented in the report follow the guidelines, definitions and classifications recommended by United Nations World Tourism Organization (UNWTO) and the United Nations Statistical Commission (UNSC). This publication is produced in line with internationally accepted statistical standards and guidelines.

### 4.2 Definition of Terms

**Traveller**- An individual who moves between different geographic locations (in this case countries) for any purpose and any duration.

**Foreigner** – An international traveller who is not a Botswana Citizen nor holder of a temporary resident status.

**Overseas** – All countries and territories outside the continent of Africa.

**Visitor** - Refers to any person travelling to a place other than that of his/her usual environment for less than twelve months and whose main purpose of the trip is other than the exercise of an activity remunerated from the place visited.

**Tourist (Overnight)** – An international visitor who stays at least one night in a collective or private accommodation in the country visited.

**Same-day visitor** – An international visitor who does not spend the night in either a collective or private accommodation in the country visited.

Excursionist – A same-day visitor whose trip does not include an overnight stay (usually visiting for leisure).

**Resident** – Refers to a non-citizen residing in Botswana on a permanent or temporary basis.

**Country of Nationality** – A country where citizenship is held.

**Non-resident** – Refers to a foreigner (excluding resident) entering or departing the country.

**Country of residence** – A country where one usually resides but may not necessarily be the same as the country of origin (nationality) or country of passport.

**Point of entry** – Official border post (land border and airport).

**VFR** – Refers to travelling for purpose of visiting friends and relatives.
