International Merchandise Trade Statistics Annual Report 2016

Periodicity: Annual

Pages: 60

Published: February 2018

During December 2018, total exports fell by 18.4 percent compared to the November 2018 revised value of P6, 231.6 million. The major contributor to the decline in exports value was the Diamond group, which recorded a decrease of P972.7 million (17.4 percent) from the revised value of P5, 596.6 million in November 2018 to P4, 623.9 million in December. The major destinations at regional level for Botswana exports were Asia, the European Union (EU) and SACU with a share of 53.3 percent, 32.3 percent and 9.8 percent respectively, during the period under review.

Crime Statistics Report 2016

Periodicity: Annually

Pages: 54

Published: April 2018

The results show that there were 7,594 decided cases in 2016, compared to 7,188 cases observed in 2015, a 5.6 percent increase. The highest proportion (9.1 percent) of cases was decided in June in 2016, and the least number of cases of 4.9 percent was disposed in January. The data shows that there were some missing information regarding the date of disposal or closing of the case, this is revealed by the high percentage of the "Not stated" of 12.9 percent.

International Merchandise Trade Statistics Annual Report- 2015

Periodicity: Annual

Pages: 64

Published: April 2018

The 2015 IMTS report shows that imports were valued at P73, 149.8 million, having increased by 1.1 percent from the value of P72, 425.9 million during the previous year. Exports were valued at P63, 484.2 million compared to P76, 260.7 million in 2014, giving a decrease of 16.8 percent. The top four commodity import groups were Diamonds at 34.5 percent, Machinery & Electrical Equipment at 12.6 percent, Fuel at 12.5 percent and Food, Beverages & Tobacco at 9.6 percent. The Top two export groups were Diamonds at 83.1 percent and Copper/ Nickel at 6.0 percent.

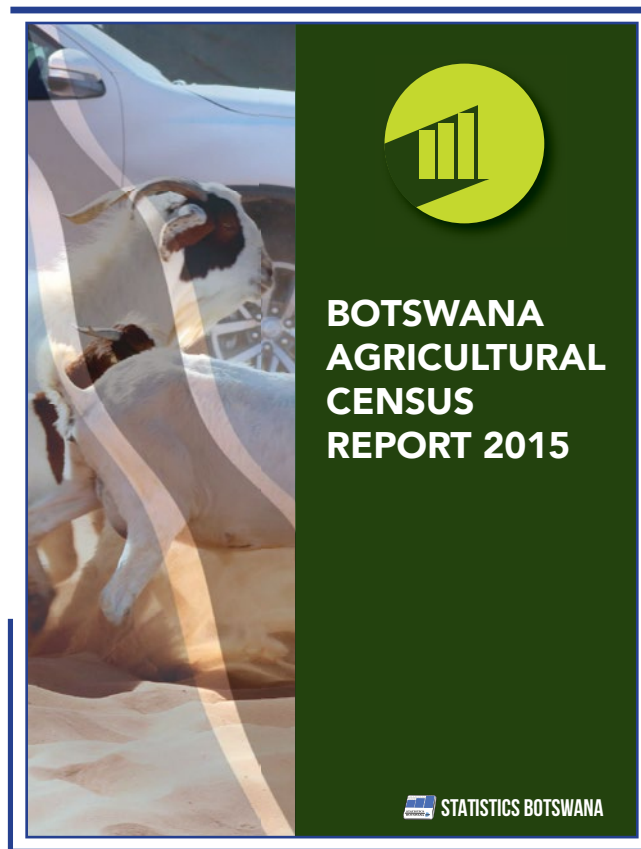

Annual CPI Stats Brief 2017

Periodicity: Annual

Pages: 13

Published: April 2018

The average inflation rate was 3.3 percent in 2017 as opposed to 2.8 percent realized in 2016. This implies that consumers paid on average 3.3 percent more for the goods and services in the Consumer Price Index (CPI) basket in 2017 compared to 2016 (2.8 percent). The rise in the average annual inflation rate of 3.3 per cent between 2016 and 2017 was mainly reflected in Transport (from -2.7 to 1.6 percent) and Food & Non-alcoholic Beverages (from 2.7 to 3.4 percent) which account for 20.65 and 16.51 percent respectively of the overall CPI basket.

Botswana Agricultural Census Report 2015

Periodicity: Annual

Pages: 143

Published: June 2018

Since 2015 was declared a drought year, the results of the 2015 agricultural census depict contrasting trends between livestock and crop production. Comparison between the 2004 Agriculture Census with the 2015 Agricultural Census figures reveal that livestock production showed a decline, while arable production showed a marked improvement in the production of the three main crops i.e. sorghum, beans/pulses and sunflower. Cattle population dropped from 2.2 million in 2004 to 1.7 million in 2015, goats' population dropped from 1.6 million to 1.2 million. Sheep population slightly decreased from 243,902 to 242,432.

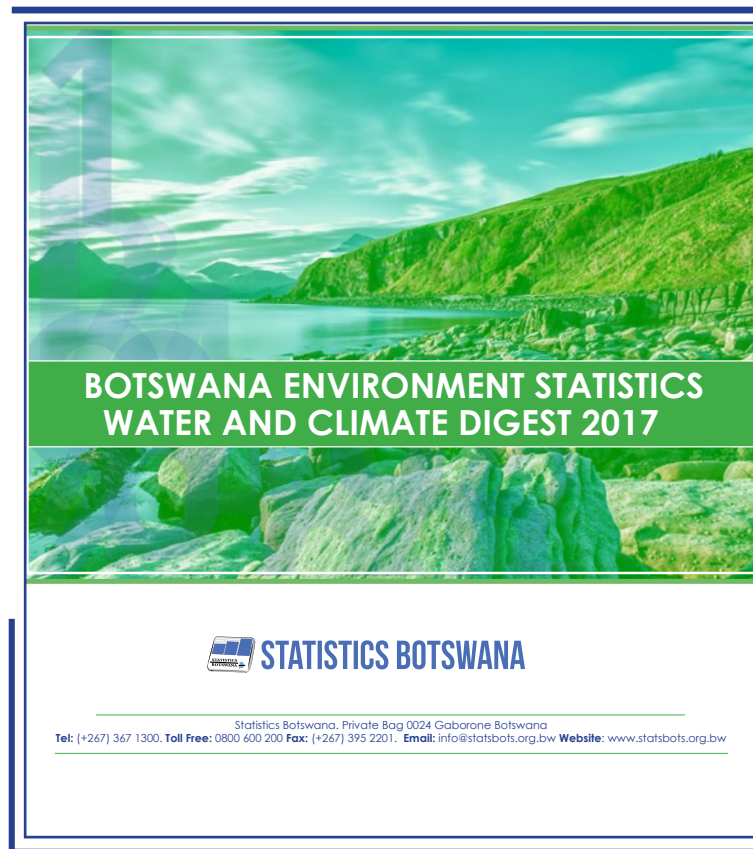

Vital Statistics Report 2016

Periodicity: Annual

Pages: 49

Published: July 2018

There were 49,984 registered births that occurred in 2016. The sex ratio at birth is fluctuating between the years, but it still shows that there are more boys than girls at birth throughout the years. On the other hand, the nuptial births have increased from 21.8 to 28.3 between 2015 and 2016. This means that an increasing percent of children are born in wedlock.

Botswana Environment Statistics Water and Climate Digest 2017

Periodicity: Annual

Pages: 18

Published: July 2018

The lowest mean monthly minimum temperature recorded during the 2016/17 meteorological year was 1.3°C for Werda in July 2016 and highest mean monthly maximum temperature was 38.5°C for Shakawe in October 2016. The lowest temperature recorded during the 2016/17 meteorological year was -7.98°C for Werda, on the 26th of July 2016 and the highest temperature recorded was 44.2°C for Tsabong on the 29th of October 2016.

NATIONAL ACCOUNTS STATISTICS REPORT 2016

National Accounts Statistics Report 2016

Periodicity: Annual

Pages: 67

Published: September 2018

Actual Gross Domestic Product (GDP) for 2015 and 2016 reached P146, 065.8 and P170, 588.9 million respectively. This represents an annual increase of 16.4 percent in nominal terms between the two periods. During 2016, Mining and quarrying remained the major contributor to GDP by 20.6 percent followed by Trade, Hotels & Restaurants, General Government and Finance and Business services by 18.2, 14.0 and 13.7 percent respectively.

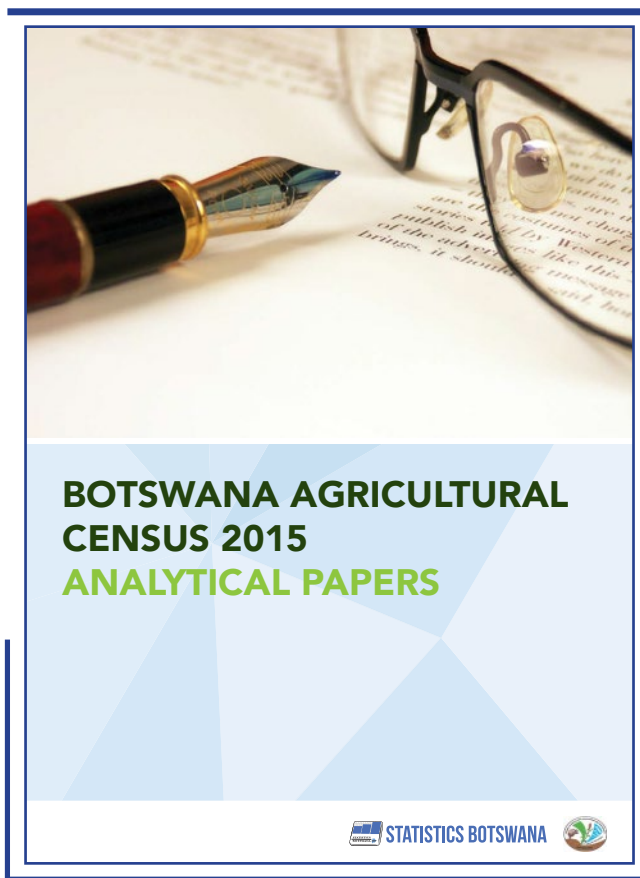

Transport & Infrastructure Statistics Report 2017

Periodicity: Annual

Pages: 88

Published: September 2018

The number of licensed vehicles in Botswana increased by 5.5 percent from 500,316 vehicles in 2016 to 527,901 vehicles in 2017. National vehicle stock increased at an annual rate of 9.7 percent from 2008 to 2017. Most of these vehicles were passenger cars (62.2 percent).

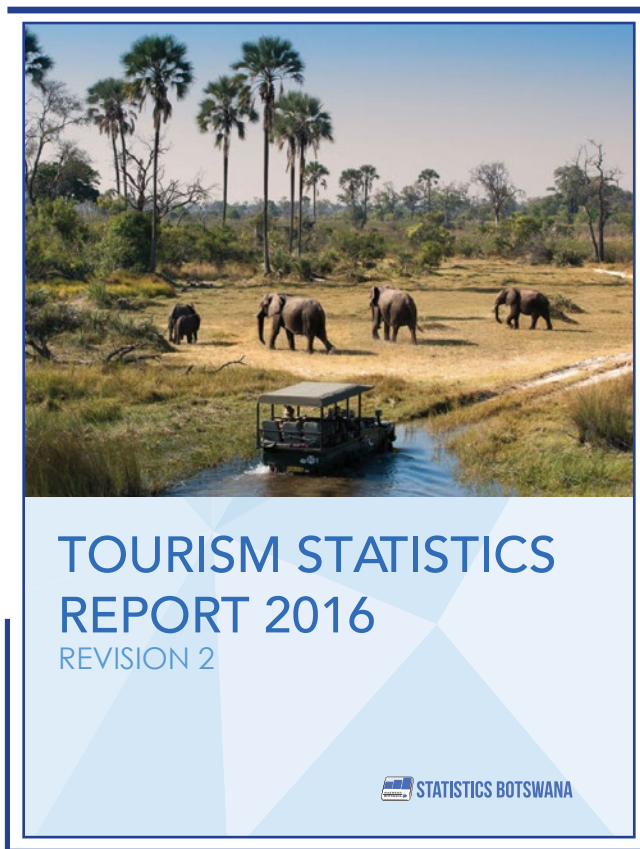

Botswana Agricultural Census 2015 Analytical Papers

Periodicity: Adhoc

Pages: 35

Published: September 2018

Sorghum, maize and beans/pulses are the major crops in terms of area planted and consistent production in the 2004 and 2015. Planting maize has been predominant in the traditional sector, with the total area planted at 63214 ha in 2004 to 61803 ha in 2015, and this was a 2% decrease between the two years.

Tourism Statistics Report 2016 Revision 2

Periodicity: Annual

Pages: 94

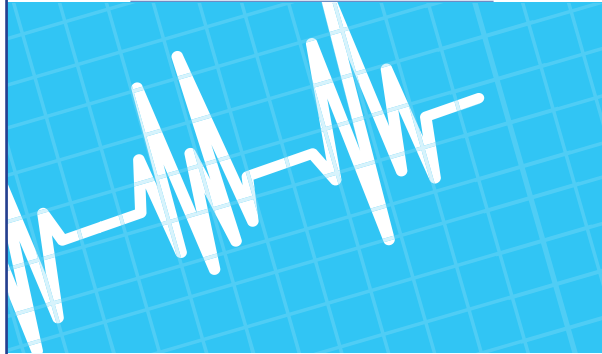

Published: October 2018

Compared to the previous year, 2016 has recorded an increase of 3.1 percent (52, 032) in the total number of tourists, from 1,660,200 during 2015 to 1,712,234 currently. The significant increases in purpose of entry were observed for those 'In-Transit' and those 'Visiting Friends and Relatives' at 17.8 percent (54, 090) and 11.2 percent (49, 787), respectively from 302, 346 and 442, 590 during 2015.

STATISTICS BOTSWANA

BOTSWANA CAUSES OF MORTALITY 2014

Botswana Causes of Mortality 2014

Periodicity: Adhoc

Pages: 13

Published: October 2018

The country experienced a decline in mortality levels between 2001 and 2011 as indicated from Population and Housing 2011 Analytical Report. Life expectancy at birth in 2001 was estimated at 55.6 and increased to 68 in 2011.

Botswana Environment Statistics: Natural Disasters Digest 2017

Periodicity: Annual

Pages: 50

Published: November 2018

The national average rainfall saw a significant decrease from an average of 463.7 mm during the period 1970/71 to 2000/01 long term average (LTA's) to a short term average (STA) of 216.4 mm recorded in 2016/17. This shows that rainfall has been generally on the decline during the recent years (STA) when compared to the long term averages.

Information & Communication Technology Statistics 2017

Periodicity: Annual

Pages: 46

Published: November 2018

In Telecommunications, a snap view of the results shows that internet subscriptions rose by 9.0 percent in 2017, registering a total of 1,581,855 in 2017 from 1,451,107 subscriptions recorded in 2016. Most of this growth came from mobile internet subscriptions which constituted 96.9 percent of total the internet subscriptions.

Botswana Demographic Survey Report 2017

Periodicity: Annual

Pages: 112

Published: December 2018

The BDS 2017 data shows that there has been little or no shift in the population age structure, there was little decrease (from 12% to 11.65%) in the age group 0-4 while age group 5-9 increased from 20% to 23%. Furthermore, the BDS2017 data shows that there were further decreases in the population of working ages while the over 65 population increased slightly from 5% to 5.4%.

BOTSWANA
MULTI-TOPIC HOUSEHOLD SURVEY
REPORT 2015/16

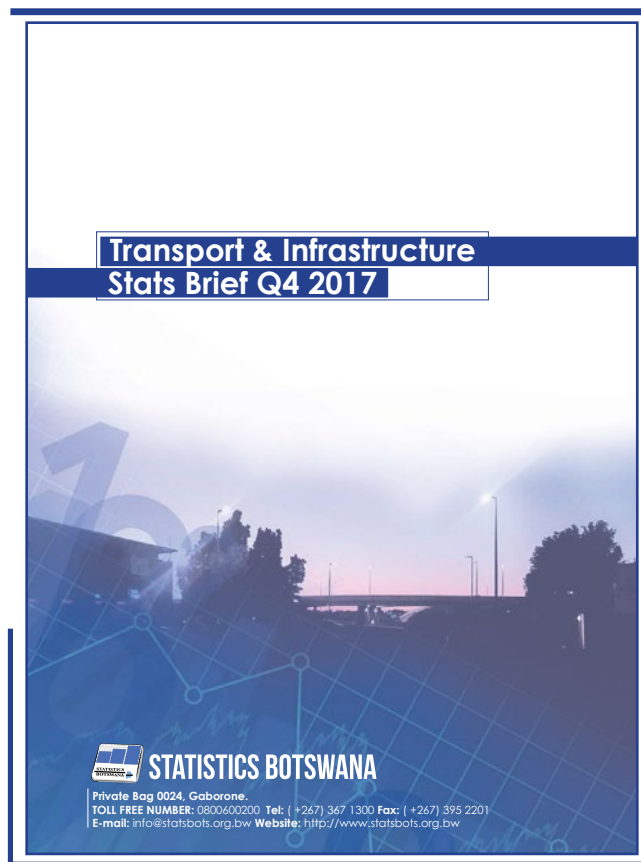

Botswana Multi-Topic Household Survey Report 2015/16

Periodicity: Adhoc

Pages: 376

Published: December 2018

The survey showed that poverty levels have declined over the past five years (2009/10 to 2015/16). The proportion of people living below the poverty datum line has dropped by three (3.0) percentage points from 19.3 to 16.3 percent during the period. At household level poverty has reduced from 10.8 to 9.0 percent.

Transport and Infrastructure Stats Brief Q4 2017

Periodicity: Quarterly

Pages: 44

Published: June 2018

Most of the first registrations done in Q4 2017 were used vehicles, which was 85.3 percent of the total first registrations. Brand new and re-built vehicles contributed 14.5 percent and 0.2 percent to the total first registrations respectively. Passenger cars contributed 85.1 percent of the used vehicles. Trucks followed passenger cars with 5.1 percent, while motor cycles contributed the least with 0.1 percent.
