COMMENTARY

SECTION 1: CORONAVIRUS (COVID-19) PANDEMIC AND CPI COMPILATION

Data collection for August 2020 was conducted through telephone and physical visits. All outlets from which CPI basket prices are collected were fully operational during the month of August 2020, except for those trading on Alcoholic beverages which were closed from 31st July 2020 for Greater Gaborone Zone and from the 5th of August 2020 across the country. The information on international airfares was also not available due to the COVID-19 restrictions. Thus the missing prices for Alcoholic beverages were imputed using the geometric mean of price relatives of Alcoholic Beverages that were collected from 1st to 5th of August 2020 outside the Greater Gaborone Zone. The missing international airfares were imputed using the geometric mean of price relatives (variation) of the observed domestic airfares. This is in accordance with the international Consumer Price Index (CPI) methodological (imputation) techniques as stipulated by the International Monetary Fund (IMF).

SECTION 2: HEADLINE INFLATION

The annual inflation rate in August 2020 was 1.0 percent, registering an increase of 0.1 of a percentage point on the July rate of 0.9 percent. The major contributors to the August annual inflation rate were; Transport (-1.6 percent), Housing, Water, Electricity, Gas & Other Fuels (1.1 percent) and Food & Non-Alcoholic Beverages (0.6 of a percent). **Refer to Table 1**.

The inflation rates for regions between July and August 2020 indicated that the Cities & Towns' rate moved from 0.9 percent to 1.0 percent, registering an increase of 0.1 of a percentage point. The Rural Villages' rate went up by 0.1 of a percentage point, from 0.6 percent in July to 0.7 percent in August. The Urban Villages' inflation rate remained unchanged at 1.1 percent. **Refer to Table 2**.

The national Consumer Price Index was 102.8 in August 2020, recording an increase of 0.2 percent, from 102.6 recorded in July 2020. The Cities & Towns index moved from 102.7 in July to 102.8 in August, registering an increase of 0.2 percent. The Urban Villages index recorded an increase of 0.2 percent over the two months, moving from 102.9 in July to 103.1 in August. The Rural Villages Index rose by 0.2 percent, from 101.8 in July to 102.0 in August. Refer to Table 2.

Group indices were generally moving at a steady pace between July and August 2020, recording changes of less than 1.0 percent **Refer to Table 3**.

Food & Non-Alcoholic Beverages group index rose by 0.3 percent, from 106.1 to 106.5 over the two periods. This was owed to the increase in most constituent section indices, particularly; Bread & Cereals (1.1 percent), Oils & Fats (0.6 percent) and Vegetables (0.5 percent).

The Housing, Water, Electricity, Gas & Other Fuels group index rose by 0.3 percent, from 106.9 to 107.2 over the two months. This was attributed to the rise in the constituent section indices, notably; Materials for Maintenance & Repair of Dwellings (1.2 percent).

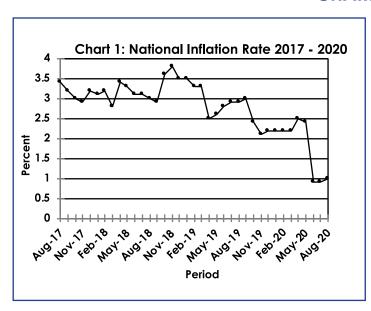

The All-Tradeables index was 101.3 in August 2020, registering an increase of 0.3 percent from 101.0 recorded in July 2020. The Domestic Tradeables Index realized a rise of 0.4 percent, moving from 108.1 in July to 108.5 in August. The Imported Tradeables Index rose by 0.2 percent, from 98.5 in July to 98.7 in August 2020. The Non-Tradeables Index was 104.7 in August, the same rate as in July 2020. **Refer to Table 5.**

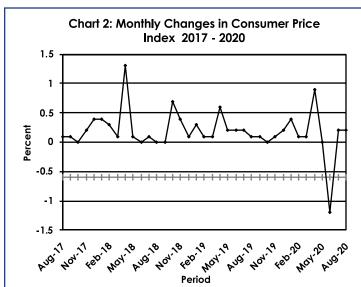

All-Tradeables inflation rate was -0.4 percent in August 2020, registering an increase of 0.2 of a percentage point on the July rate of -0.6 percent. The Domestic Tradeables inflation was 5.4 percent in August, an increase of 0.2 of a percentage point from 5.2 percent recorded in July. The Imported Tradeables inflation rose by 0.2 of a percentage point, from -2.7 percent to -2.5 percent during the period under review. The Non-Tradeables inflation rate remained constant at 2.9 percent.

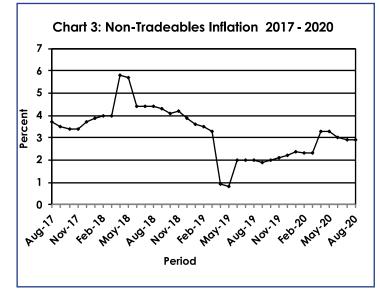

SECTION 3: CORE INFLATION

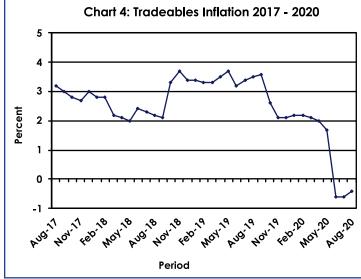

The Trimmed Mean Core Inflation rate was 1.1 percent in August, registering an increase of 0.1 of a percentage point moving from 1.0 percent recorded in July 2020. The Core Inflation rate recorded a rise of 0.1 of a percentage point moving from 2.8 percent in July to 2.9 percent in August 2020. Refer to Table 6.

GLOSSARY

Consumer Price Index (CPI) is an index which measures price changes in goods and services with reference to a base period.

Inflation is a measurement of prices movement of goods and services in a particular country.

Domestic Tradeables refers to the goods and services which a country (Botswana) can export to other countries.

Imported Tradeables represents the goods and services which a country (Botswana) imports from other countries (trading partners).

Non-Tradeables refers to the goods and services which a country cannot either export or import to other countries.

All -Tradeables refers to the total of Domestic and Imported Tradeables.

Trimmed Mean Core Inflation- attempts to remove 8 percent (by weight) of the commodity sub-groups with the largest price changes at each of the ends of an ordered series of price changes in any given month.

Core inflation by Exclusion is a measure used to remove the volatility inherent in prices that are only adjusted periodically and not always in response to currently prevailing market forces.
