COMMENTARY

SECTION 1: HEADLINE INFLATION

The annual inflation rate was 10.6 percent in January 2022, registering an increase of 1.9 percentage points from the December 2021 rate of 8.7 percent. The main contributors to the January 2022 rate were Transport (6.2 percent), Housing, Water, Electricity, Gas & Other Fuels (1.4 percent), Food & Non-Alcoholic Beverages (1.0 percent) and Miscellaneous Goods & Services (0.7 percent). Refer to Table 1 and Chart 5.

The inflation rates for regions between December 2021 and January 2022 show that the Cities & Towns inflation rate rose by 2.1 percentage points, from 8.6 percent in December to 10.7 percent in January. The Rural Villages' inflation rate stood at 10.7 percent in January 2022, presenting a rise of 2.0 percentage points on the December rate of 8.7 percent, while the Urban Villages' inflation rate registered an increase of 1.6 percentage points, from 8.8 percent in December 2021 to 10.4 percent in January 2022. Refer to Table 2

The national Consumer Price Index went up by 2.2 percent in January 2022, from 113.5 registered in December 2021 to 116.0. The Rural Villages index recorded a growth of 2.4 percent, from 112.7 in December 2021 to 115.4 in January 2022. The Cities & Towns Index moved from 113.4 to 116.1 registering an increase of 2.3 percent, whereas the Urban Villages index advanced from 113.9 in December 2021 to 116.2 in January 2022, recording a rise of 2.0 percent. **Refer to Table 2**.

All the group indices registered positive growth between December 2021 and January 2022, with significant increases realised on the Transport and Education group indices, at 8.1 and 1.1 percent respectively. **Refer to Table 2**.

The Transport group index registered a rise of 8.1 percent, from 116.8 in December 2021 to 126.2 in January 2022. This was attributed to an increase in the constituent section indices of Operation of Personal Transport and Transport Services, which presented a growth of 12.3 and 6.8 percent respectively. The increase in the Operation of Personal Transport section index was due to the rise in retail pump prices for petrol (95) by P1.65 and diesel (50ppm) by P1.75 per litre, which effected on the 20th of December 2021. The rise in Transport Services section index was mainly due to an increase in Minibus and Taxi Fares from P5.00 to P6.00 and P6.00 to P7.00 respectively. These changes were effected on the 1st January 2022.

The Education Group index recorded an increase of 1.1 percent, from 111.1 in December 2021 to 112.3 in January 2022. The constituent section indices of Pre-primary & Primary Education and Secondary & Tertiary Education recorded growths of 1.4 and 0.9 percent respectively. The Pre-primary & Primary Education section index was 112.9 in January 2022 from 111.3 realised in December 2021. The Secondary & Tertiary Education section index moved from 110.9 to 111.9 during the period under review. The rise was due to the increases in the private secondary, pre-primary and primary education school fees.

The Miscellaneous Goods & Services group index registered an increase of 0.8 percent, from 114.1 in December to 115.0 in January. This was owed to the general increase in the constituent section indices, notably; Social Protection (2.4 percent), Insurance (1.3 percent), Personal Effects Not Elsewhere Classified (1.0 percent) and Personal Care (0.8 percent). Refer to Table 3.

The Food & Non-Alcoholic Beverages group index rose by 0.3 percent, from 114.4 in December 2021 to 114.8 in January 2022. This was attributed to a general increase in the constituent section indices except for Bread & Cereal and Vegetables which decreased by 0.1 and 0.5 percent respectively. **Refer to Table 3**.

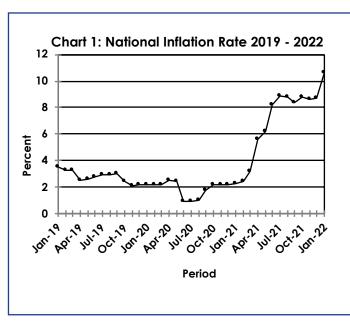

The All-Tradeables index rose by 3.0 percent in January 2022, from 114.7 registered in December 2021 to 118.2 in January 2022. The Imported Tradeables Index moved from 114.5 in December 2021 to 119.1 in January 2022, an increase of 4.0 percent. The Non-Tradeables Index moved from 111.9 in December to 113.1 in January, recording a rise of 1.1 percent. The Domestic Tradeables Index realised a growth of 0.5 percent from 115.1 in December to 115.6 in January. **Refer to Table 4**.

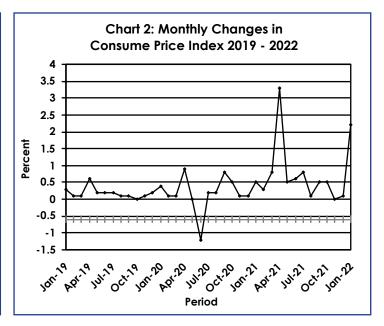

The All-Tradeables inflation rate was 14.3 percent in January 2022, recording an increase of 2.6 percentage points on the December rate of 11.7 percent. The Imported Tradeables inflation went up by 3.7 percentage points, from 14.2 percent in December 2021 to 17.9 percent in January 2022. The Non-Tradeables inflation rate registered a rise of 0.9 of a percentage point, from 4.7 percent in December to 5.6 percent in January. The Domestic Tradeables inflation was 5.2 percent in January 2022, registering a drop of 0.1 of a percentage point from 5.3 percent recorded in December 2021. **Refer to Table 4.**

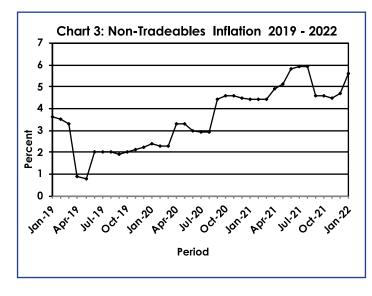

SECTION 2: CORE INFLATION

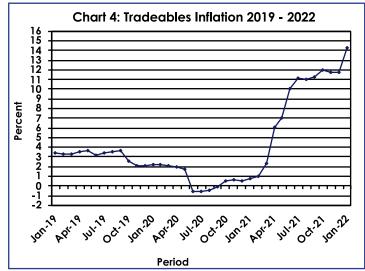

The Trimmed Mean Core Inflation rate registered an increase of 0.8 of a percentage point, from 8.0 percent recorded in December 2021 to 8.8 percent in January 2022. The Core Inflation rate recorded a drop of 0.4 of a percentage point, from 7.1 percent in December 2021 to 6.7 percent in January 2022. **Refer to Table** 5

GLOSSARY

Consumer Price Index (CPI) is an index which measures price changes in goods and services with reference to a base period.

Inflation is a measurement of prices movement of goods and services in a particular country.

Domestic Tradeables refers to the goods and services which a country (Botswana) can export to other countries.

Imported Tradeables represents the goods and services which a country (Botswana) imports from other countries (trading partners).

Non-Tradeables refers to the goods and services which a country cannot either export or import to other countries.

All -Tradeables refers to the total of Domestic and Imported Tradeables.

Trimmed Mean Core Inflation- attempts to remove 8 percent (by weight) of the commodity sub-groups with the largest price changes at each of the ends of an ordered series of price changes in any given month.

Core inflation by Exclusion is a measure used to remove the volatility inherent in prices that are only adjusted periodically and not always in response to currently prevailing market forces.
