COMMENTARY

SECTION 1: HEADLINE INFLATION

The annual inflation rate was 14.3 percent in July 2022, as opposed to 12.7 percent in June 2022, registering a rise of 1.6 percentage points. Contributing significantly to the annual inflation rate in July 2022 were the increasing prices for the major components in the Consumer Price Index (CPI) basket, specially Transport (9.2 percent), Food & Non-Alcoholic Beverages (1.7 percent), Housing, Water, Electricity, Gas & Other Fuels (1.2 percent) and Miscellaneous Goods & Services (0.9 percent). [Refer to Table 1](#) and [Chart 5](#).

As for the regional inflation rates between June and July 2022, the Urban Villages inflation rate recorded an increase of 1.8 percentage points, from 12.4 percent in June to 14.2 percent in July. The Rural Villages inflation rate rose by 1.7 percentage points, from 13.1 percent in June to 14.8 percent in July 2022, while the Cities & Towns inflation rate stood at 14.3 percent in July 2022, a rise of 1.6 percentage points from the June rate of 12.7 percent. [Refer to Table 2](#)

The national Consumer Price Index went up by 2.3 percent, from 124.8 in June to 127.7 in July 2022. The Rural Villages index stood at 127.2 in July 2022, compared to 124.0 in June 2022, which is a rise of 2.6 percent. The Urban Villages index went up by 2.3 percent from 125.1 to 128.0 during the period under review, whereas the Cities & Towns index advanced from 125.0 in June to 127.7 in July 2022, recording a growth of 2.2 percent. [Refer to Table 2](#).

Two (2) group indices recorded changes of at least 1.0 percent between June and July 2022, specifically; Transport (6.4 percent) and Food & Non-Alcoholic Beverages (2.1 percent). [Refer to Table 2](#).

The Transport group index registered a growth of 6.4 percent, from 148.7 in June to 158.1 in July. The rise was mainly attributable to the increases of the constituent section indices of Operation of Personal Transport (9.4 percent), Purchase of Vehicles (2.4 percent) and Transport Services (2.3 percent). The increase in the Operation of Personal Transport section index was due to the rise in retail pump prices for petrol (95) and diesel (50ppm) by P2.04 and P1.28 per litre respectively, which effected on the 28th of June 2022. [Refer to Table 3](#).

The Food & Non-Alcoholic Beverages group index rose by 2.1 percent, from 123.8 in June 2022 to 126.4 in July 2022. Contributing to the increase in the Food group index were most of its constituent section indices as follows; Oils & Fats (6.1 percent), Bread & Cereal (3.3 percent), Milk, Cheese & Milk Products (1.8 percent), Fish (Fresh, Chilled & Frozen) (1.6 percent), Mineral Waters, Soft Drinks, Fruits & Vegetables Juices (1.6 percent), Vegetables (1.1 percent), Food Not Elsewhere Classified (1.0 percent) and Meat (Fresh, Chilled & Frozen) (1.0 percent). [Refer to Table 3](#).

The Restaurants & Hotels group index moved from 113.4 to 114.5, registering a rise of 0.9 percent during the period under review. The rise was credited to the increase in the constituent section indices of Restaurants, Cafes & the Like (0.9 percent) and Accommodation Services (0.7 percent). [Refer to Table 3](#)

The Miscellaneous Goods & Services group index showed a growth of 0.7 percent, from 123.0 in June to 123.9 in July. This was owed to the increases of the constituent section indices, particularly; Personal Care (1.1 percent), Financial Services (0.7 percent) and Insurance (0.6 percent). [Refer to Table 3](#).

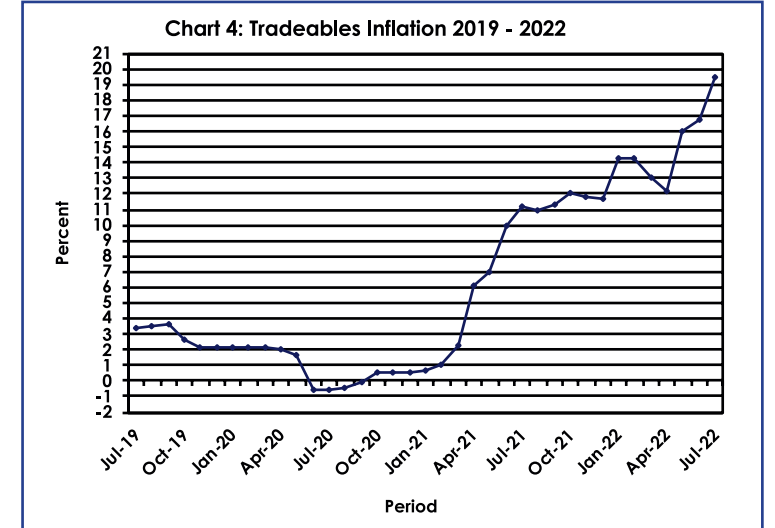

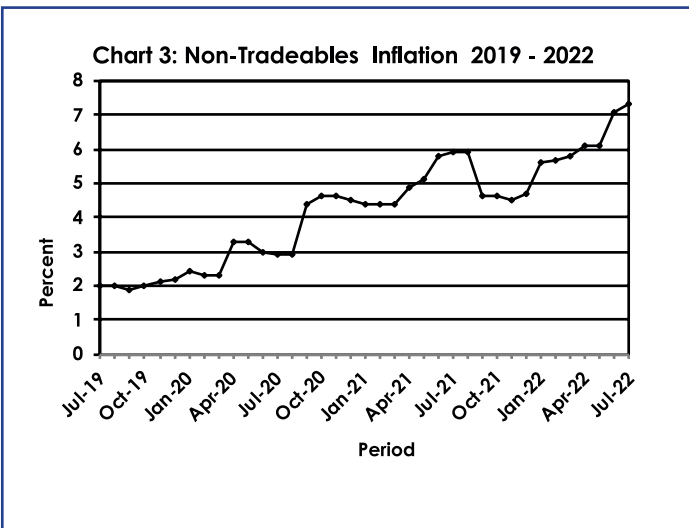

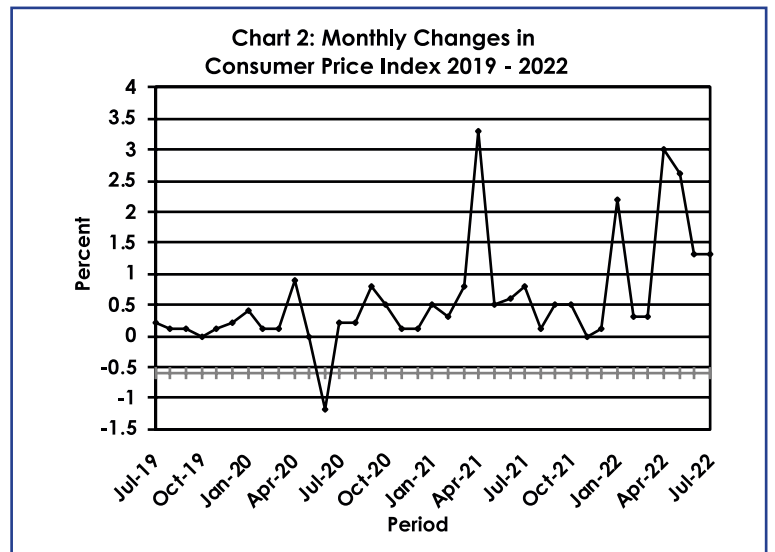

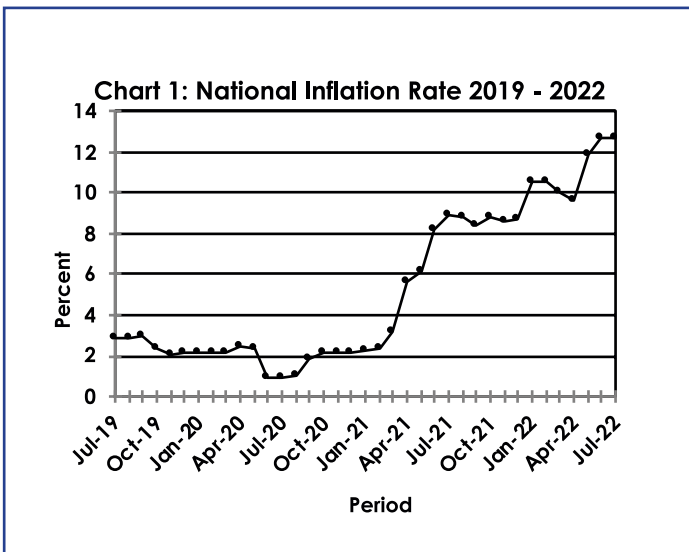

The All-Tradeables index rose by 3.7 percent in July 2022, from 129.4 recorded in June 2022 to 134.2. The Imported Tradeables Index moved from 131.9 in June to 137.6 in July 2022, a rise of 4.3 percent. The Domestic Tradeables Index realised a growth of 2.0 percent between the two periods, moving from 122.4 in June to 124.8 in July. The Non-Tradeables Index moved from 118.7 in June to 119.0 in July, an increase of 0.3 percent. [Refer to Table 4](#).

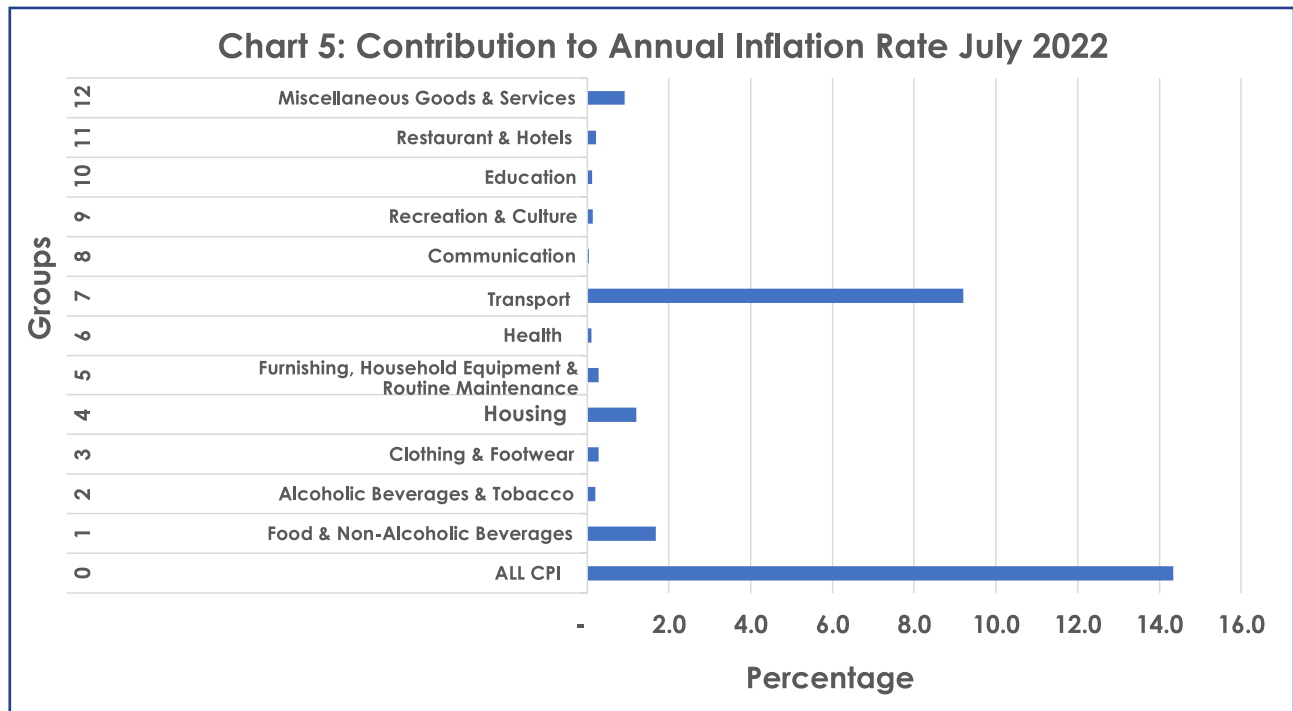

The All-Tradeables inflation rate was 19.4 percent in July, registering a growth of 2.6 percentage points from the June rate of 16.8 percent. The Imported Tradeables inflation rate rose by 2.7 percentage points moving from 20.3 percent in June to 23.0 percent in July 2022. The Domestic Tradeables inflation rate showed a rise of 2.6 percentage points, from 7.3 percent in June to 9.9 percent in July. The Non-Tradeables inflation went up by 0.2 of a percentage point, from 7.1 percent in June to 7.3 percent in July 2022. **Refer to Table 4.**

SECTION 2: CORE INFLATION

The Trimmed Mean Core inflation rate went up by 1.2 percentage points, from 10.3 percent in June to 11.5 percent in July 2022. The Core Inflation rate was 7.6 percent in July, an increase of 1.0 percentage point on the June 2022 rate of 6.6 percent. **Refer to Table 5.**

GLOSSARY

Consumer Price Index (CPI) is an index which measures price changes in goods and services with reference to a base period.

Inflation is a measurement of prices movement of goods and services in a particular country.

Domestic Tradeables refers to the goods and services which a country (Botswana) can export to other countries.

Imported Tradeables represents the goods and services which a country (Botswana) imports from other countries (trading partners).

Non-Tradeables refers to the goods and services which a country cannot either export or import to other countries.

All –Tradeables refers to the total of **Domestic** and **Imported Tradeables**.

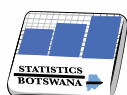

Trimmed Mean Core Inflation- attempts to remove 8 percent (by weight) of the commodity sub-groups with the largest price changes at each of the ends of an ordered series of price changes in any given month.

Core inflation by Exclusion is a measure used to remove the volatility inherent in prices that are only adjusted periodically and not always in response to currently prevailing market forces.
